

International Conference on Mathematical Modeling in Physical Sciences

**September 30 - October 3, 2024
Kalamata, Greece**

Topics:

mathematical modeling in fundamental physics
evolutionary computation
complex physical and technical systems
software and computer complexes for experimental data processing

methods, algorithms, and software of computer algebra
computational chemistry, biology, and biophysics
new generation computing tools, distributed scientific computing etc

Important dates:

Abstracts due 31 May 2024
Full papers due 28 June 2024

U: <http://www.icmsquare.net>
E: secretariat@icmsquare.net

Venue:

The Conference will be held at the Cultural Center of Kalamata

Supporting Institutes

University of Peloponnese

Bose Natl. Ctr., Kolkata

University of the Pacific

UTPA

Universidad Andres Bello

MMCSL

California State University

University of Lethbridge

IDAS
